## TALON T W E N T Y

As the fiscal year comes to a close, we are asking Owl Nation to come together to participate in giving this year. *U.S. News & World Report* uses alumni giving participation as a measure in their annual rankings of colleges and universities. The value of each Kennesaw State University degree is enhanced when we move higher in the rankings through alumni giving.

Each graduate has an opportunity to play a role by making a \$20 gift to KSU to aid in our effort to ascend the rankings. Gifts to KSU also support vital programs and services for our students, and help attract and retain highly talented faculty. Together, our collective giving will help KSU increase our visibility and enhance the student experience.

**Please make your \$20 gift today!**
